FROM THE EDITORS DESK -

Thanks to John K who has offered to take photos for the newsletter and to Paul E who often provides photos as well. Your assistance is greatly appreciated. If you would like to contribute information or an article to your newsletter, talk to Editor David N or email mgmensshed@gmail.com

MEMBERSHIP FEES

Membership fees are due to be paid for or arrangement made by the end of January to ensure financial membership status for the upcoming AGM in March. Non-payment of membership fees will make members not financial and not able to have a valid vote in the elections of the management committee.

\$50.00 per member.

Payments for the Annual Membership Fees can be paid via the following methods:

1. Cash (Handed to either Tim Clarke or Mark Payne in the office.)
2. Electronic Bank Transfer
3. By EFTPOS

(this service attracts a 1.9% surcharge that is charged to the cardholder. This makes the fees \$51.00 per member for this service).

Dave L & Peter He at the Bunnings Christmas family night

Thanks to Geoff Hart

Geoff has recently relocated to Keith and plans to visit Mount Gambier occasionally.

Thanks for the many talents, tasks and contributions he made to the Mens Shed in particular the stories he told when presenting individual birthday cakes to members at the shed.

On a very busy night at the South Easter hotel, we were lucky to have our own quiet space for the monthly partners meal. The hotel decorated the table for Christmas with a runner, serviettes & bon bons. Some of the bon bon riddles below -

- 1 What gives milk and has only one horn?
- 2 How do you make a cream puff?
- 3 Why did the owl say 'tweet, tweet'?
- 4 What has more lives than a cat?
- 5 What did one mathematics book say to the other?
- 6 Two hydrogen atoms meet. One says 'I've lost my electron.' The other says 'Are you sure?'
- 7 Why can't a bike stand up by itself?
- 8 Why do fish live in salt water?
- 9 What has four legs but only one foot?

Find the answers on the last page.

Australia Day

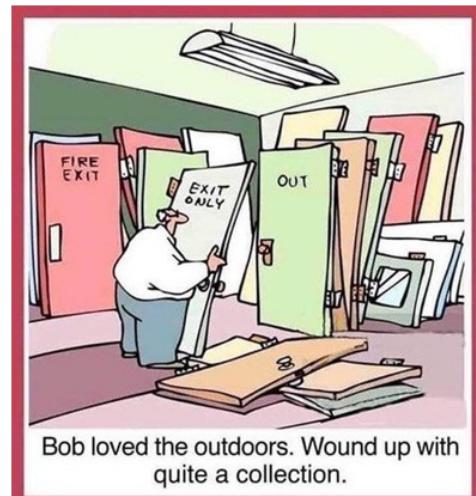

Australians all love kangaroos,
Four minus one are three.
With olive oil and sweat and toil,
Our land is dirt by sea.
Barossa booze at barbeques,
With language rich and rare,
In shorts and thongs, we sing this song,
Advance Australia Fair.

Using only one tape measure on a project will keep from introducing dimensional errors, but you need at least a dozen so that you can find one.
